## Key points from the statistics

- We visited 97 times in 2011, 3 more than in 2010. Again visits in December were cancelled due to bad weather.
- The average number of visitors on a visit has dropped slightly from 4 in 2010 to 3.9 in 2011.

- We continued to provide a lot of practical support for detainees this year, particularly in the form of phone cards, mobile top ups and clothes.
- We saw detainees from a total of 38 different countries. Nigeria was the country that produced the highest number of detainees we visited (15%). However as in 2009 and 2010, Pakistan, Eritrea, and Iran were the countries that produced the next largest numbers.
- The percentage of women we visited doubled from 11% in 2010 to 22% in 2011.
- We visited one child in 2011 who was involved in an age dispute case.
- As in 2010, 9% of the detainees we visited received more than 20 visits.
- We visited slightly more detainees in 2011 than in 2010 going from 134 to 142.
